

YOUR INTRODUCTION TO PRECIOUS METAL CLAY

Saturday 3rd October 2009
or
Saturday 7th November 2009
10am to 4pm

The 'Introduction' class is your opportunity to come and learn about PMC and the techniques to use it successfully. By the end of the day you'll have learnt how to make your own beautiful and unique silver jewellery using this remarkable material - the class is for beginners and includes how to:

- Handle the clay
- Use the basic tools
- Roll, texture, cut and finish
- Construction and assembly
- Building up layers
- Burnishing & polishing
- Fire the clay

The cost of the day is £65 which includes 16g of PMC, use of all necessary tools (including blow torch and kiln), handouts and expert tuition. The cost of the day includes £20 worth of materials.

The class will run from 10.00 am to 4.00 pm and the venue is easy walking distance from Leigh Broadway (Leigh-on-Sea).

I do hope you decide to join me and have enclosed a booking form for you to complete. A £20 deposit will secure your place on the day.

Please contact me if you have any queries and I look forward to seeing you.

Regards

Jan Simon

"What is PMC?"

Precious Metal Clay (PMC) is a revolutionary material developed and patented by Mitsubishi Materials of Japan.

Tiny particles of pure silver are suspended in an organic binder to create a material that can be worked like modeling clay. Pieces are fired in a kiln to 900°C (1750°F) or heated with a blow torch to burn off the binder and fuse the metal.

The result is a solid, 100% pure silver object.

BOOKING FORM

"AN INTRODUCTION TO PMC"
